

VizSmart

The Front Desk Station is the alternative module for RFID Self Check In/Out Station, EAS Arm/Disarm, Sorting and Circulation Station. Furthermore, the Front Desk Station also provides Tag Issuing and payment of fines (Optional).

The Front Desk Station is an all purpose station that caters to both customer service and back room operations. It may be used as a backup station in cases where other stations fail.

With its all-in-one features, the Front Desk Station may be an economical solution to small libraries without digging deep into the pockets.
